

2020 Faith Build:

Volunteer Opportunities and Schedule

Faith Build Construction opportunities

- Sponsors are welcome to up to three construction volunteer days.
- Should you NOT want the volunteer dates, we are happy to share those dates with other churches.

Volunteer Options:

1. The Mega Giant Faith Build Day: Saturday, Sept. 12 8:30-2:30

This year we are holding 1 mega volunteer day with 100+ volunteers to build the interior and exterior walls of a house. **This will count as one on the three volunteer days.**

We will identify 15 volunteer team leaders who feel more at home at a construction site using power tools, everyone else no experience required. ☺

On this day, we can take a larger group than 8 from your church. Communicate with me if you want to reserve more than 8 spots on this day for your church.

House Construction Volunteer Opportunities and Schedule

3. **Volunteers on the House (Up to a group of 8 amazing humans): ~~May–September~~**

Due to Covid-19, we are unable to start the build when we anticipated. We are hopeful to start in June, but will take our cue from the Governor as we want everyone to be safe and healthy. We would like to add dates on in the fall/winter and will be in touch to reschedule.

We ask that each church initially pick at least 1 Thursday or Friday.

(You are welcome to more than one Thursday/Friday! 😊) We just want to make sure everyone who would like a Saturday can get a Saturday.

We encourage Faith Partners to work together if they want to trade dates or share volunteer spots on the same day. For example, a Methodist Church could share a day with a Presbyterian Church and each could bring out 4 volunteers for a total of 8 volunteers.
